

## **Section 8000 – Students**

8450-R Student Welfare (Cf. 8590)

8450-R

The Superintendent and his/her staff shall develop and enforce the necessary rules and regulations relating to student welfare.

The building Principal, in cooperation with the District nursing staff and building custodian, will periodically inspect areas of the school building and ground, for potential health and safety hazards; and, if found, such hazards are to be reported to the Superintendent immediately or as provided herein.

Every building Principal shall have the authority to correct any health or safety hazard without consulting with the Superintendent if no costs are involved.

If the building Principal determines that the costs of correcting a potential or real health or safety hazard exceed his/her allocated funds for building maintenance or that his/her custodial staff or school nurse does not have the equipment to correct the hazard, the Principal shall requisition from the Superintendent the necessary funds or personnel to correct the situation.
