**Menus Subject to Change Without Notice** School Foodservice programs are facing unprecedented issues with the supply chain that will cause us to alter our posted menus with little or no notice. We are working closely with our distributors & manufacturers to secure both the food & supply items needed to support our program. While it is our intention to serve the posted menu each day at every school, this will not be possible throughout the school year until the supply chain issues are rectified. We will try to sub the scheduled menu item with another that is as similar as possible. Please know that we will continue to provide nutritious meals every day!

**What Makes A Lunch?** A full student lunch includes a choice of 5 items: protein and grains (often included in the entree), vegetables, fruits and milk. Students must choose at least 3 of the 5 items and one item MUST be a fruit or vegetable.
