

Section 4000 – Business Management

4350 Student Transportation in Private Vehicles

4350

Field Trips

In scheduling transportation for field trips, the Superintendent may approve the use of private vehicles in situations in which budget or schedule restrictions make it prohibitive or impractical to use school buses.

Student Self-Transportation

At certain times, and under certain circumstances, it may be advisable and allowable for students to transport themselves or be transported by means other than District vehicles. The Superintendent will establish administrative rules to speak to these possibilities.
