

## **Section 7000 – Instructional Program**

7900-R School Improvement

7900-R

Building level local school improvement committees shall be established, re-established and/or adjusted annually.

### Committee Membership

The local school improvement committee should have representatives from the following groups as members, in addition to those already listed in Board policy: parent(s)/guardian(s), community members, students and others as the school improvement committee may find necessary to assist it in attaining its goals.

### Data Collection/Assessment

The data collected by the District in order to assist each local school improvement committee may include, but not be limited to: student standardized test scores, dropout rates, student/staff ratios, grade point averages, demographic and societal data, career/employment data, vandalism, student attendance rates, student discipline, and others as the committee may need.

The collection of the data should involve input from parent(s)/guardian(s), staff, students, and other community members. Confidentiality regarding personally identifiable information shall be maintained at all times by all members of the local school improvement committee.

### Review

The local school improvement committee's review process with the Superintendent should include discussion of the progress and attainment toward goals, financial and business issues, student performance outcomes, scheduling of classes, maintenance of facilities, school calendars, staffing needs, staff evaluation, teaching methods, pilot projects, curriculum and textbook review, organizational structures, and others as may be necessary for the Board's information.

Rules Accepted: June 29, 2009
