

The educational interests of students require the collection, retention, and use of data about individuals and groups of students while ensuring individual rights of privacy. The District will maintain educational records of students for legitimate educational purposes in compliance with state record retention guidelines.

Student personally identifiable information and student educational records are confidential and information from them shall not be released except as provided by law. The information contained in student educational records shall be kept current, accurate, clear, and relevant. All student educational records, including those maintained in District electronic database(s), shall be safeguarded during collection, maintenance, and dissemination to protect against unauthorized access or accidental release.

Directory Information

The custodian of records may make certain Directory information available without parent(s)/guardian(s) or eligible student's consent if public notice of the categories of information designated as Directory information has been given. After such public notice has been given, the parent(s)/guardian(s) have the right to object to the release of the information within a specified reasonable time. Directory information for this District includes the following information about the student: The student's name, picture; major field of study; participation in recognized activities and sports and related information; grade placement; and honors and awards received.

As provided in state law a school must provide armed forces recruiters and service academies with a student's name, address, and telephone number unless the parent(s)/guardian(s) specifically "opts out" of having that information given to military recruiters.

Pursuant to federal law, a form will be sent to parent(s)/guardian(s) that allow them to opt out of the disclosure of Directory information to the military recruiters, and that informs the recipients that failure to complete and return the form will result in the disclosure of the information to military recruiters. Pursuant to federal law, high school principals may not exclude military recruiters from the school campus if they do not similarly exclude prospective employers or post-secondary institutions.

Annual notice will be given to parent(s)/guardian(s) of the administration of any health or physical screening, and given the opportunity to opt out.

Students' personally identifiable information shall not be disclosed to any for-profit business entity. Exceptions may be made where permitted by law or where the purpose has been approved in advance by the Superintendent or designee, and where parent(s)/guardian(s) have given, in writing, express permission for this information to be disclosed.
