Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2018-2019 educational progress for BURTON MIDDLE SCHOOL. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability and teacher quality. If you have any questions about the AER, please contact me at PerezM@grps.org or call our school's main office at (616) 819-2282 for assistance.

All Michigan schools are required to report out on several different components including:

- *Results of State Assessments for all tested subjects (English Language Arts, Mathematics, Science and Social Studies)*
- *Teacher Qualification Data*
- *NAEP (National Assessment of Educational Progress)*

Our school's AER is available for you to review electronically by visiting the Michigan School Data site or clicking this link: [Burton MS AER](#). You may also review a copy in the main office at our school.

For the 2018-19 school year, schools were identified using definitions and support categories as required in the Every Student Succeeds Act (ESSA). A Comprehensive Support and Improvement (CSI) school is performing in the lowest 5% of all schools in the state. A Targeted Support and Improvement (TSI) school has one or more student subgroups performing at or below the 25th percentile. An Additional Targeted Support (ATS) school has one or more student subgroups performing at or below the 25th percentile with one or more student subgroups performing like a bottom 5th percentile school. Schools with higher levels of performance are not identified with any of these support category labels.

Our school has not been given one of these labels.

Our school was identified as a Targeted Support and Improvement (TSI) school based upon the results of our African American students and our English Learners. As a result of this identification, our staff is working with district, county and state leaders to address the needs of our students and work toward increasing learning for all students.
